

QUICKLEAN™ MITT

BURN PROTECTION

QuickClean™ Conventional Mitt

Drastically reduce replacement costs and steam burns with the durability and protection of QuickClean. The Outer Shell and Inner Lining is made from a special non-permeable material that is wipe-n-go; easy to clean right at the sink. VaporGuard is built in to prevent steam burns.

Use up to 450° F. Ambidextrous. Sold individually.

- Insulation value up to 450°
- VaporGuard to prevent steam burns
- Non-permeable surfaces prevent build up
- Wipe-n-Go surface inside and out
- No cloth liner to launder or misplace
- Easy to Clean
- Enhanced Longevity
